[Become a Project manager](#)

[Improve processes and deliver operational excellence](#)

Learning Path Assessment

Produce a 2500 words essay covering the module outcomes:

- Demonstrate a conceptual and critical understanding of theories, principles, and practices of Project Management (eg, Project life cycle, traditional vs agile management, etc.) in leading a successful project.
- Explain and analyze how the organizational structure of a company affects its projects. Use at least 3 types of organizational structures to demonstrate your answer.
- Question the concept and underlying principle of Project Charter in project management.
- Demonstrate an understanding of risks management. Using an example, identify a risk (or risks), analyze, and propose a set of solutions to reduce or eliminate those risks
- Critically analyze the key concepts of resources management. What are the differences, similarities and challenges faced when managing a virtual team and a technical team?
- Discuss why is it important to monitor and control progress and performance in leading a successful project.

Receive 5 ECTS credits in the following degrees:

- Bachelor in Business Administration (BBA)
- Master in Business Administration (MBA)

Cost CHF 99
